AS CAMPUS OFFICER

About Me

I am a first year Agricultural student, and current class rep! Through out this year I have organised the trip to Auckinlech Estate and The Buffalo Farm through the Agricultural Society. Both Trips received great feed back both in a educational purpose and fun, which are two things that are important to me.

I'm a positive person who is up for any challenge, whether that is standing up for student opportunities, organising trips or a pub crawl!

What do I plan to achieve?

▷ **More Trips** - I want to continue with organising trips available to all courses examples are:

- ◆ Trips for none farmers who want to learn more about machinery and agri practises.
- ◆ Agricultural trips and diversity.
- ◆ Estate management trips.
- ◆ and many more. **This is our time at uni lets make the most of it!**

▷ **Represent Students**

- I will fairly and equally represent the student body,
- I will get straight to the point and raise issues students feel need addressing.
- I want to create more learning opportunities for students from a none Agricultural/ rural back ground.

▷ **More Social Occasions**– University is not just about studying, an important part is the social life... which I plan to improve!

Please come and ask me if you have any further questions!!
