

Stuart MacKenzie - My Manifesto

Hi, my name is Stuart MacKenzie. I'm a BSc Hons Countryside Management student at SRUC Aberdeen campus.

I'm standing as a candidate for Aberdeen Campus Officer in 2019/20, because I believe I have the knowledge and determination to improve the student experience for the SRUC Aberdeen Students.

While I was Student President during 2018/19, I helped guided the SRUCSA team through numerous campaigns across the six main SRUC Campuses. During that time I've sat on numerous Boards and Committees, including SRUC's Board of Directors, the most senior Board at SRUC.

This year I would like to continue my work for the SRUC Student Association, but focus my efforts purely on improving student life at Craibstone. I will be focusing on continuing successful SRUCSA initiatives and activities from previous years, as well as continuing to push for greater level of sustainability. This will include an appraisal of current recycling and disposal arrangements, as well as great access for pedestrians and bicycles. I will also continue to work toward improving living standards for students in collaboration with other student associations in Greater Aberdeenshire.

I'm asking you to put experience on *our* side, and vote for me as the next Aberdeen Campus Officer

- *Stuart.*
