

Vote Stefanie for Sports and Activities Officer

This is me

I am currently in my 3rd year studying Renewables and Environmental Technology. Due to my experience being campus officer at the Ayr campus 2017/18 I gained a lot of experience in organizing events and working for SRUCSA.

I am a positive person and I would like to accept the challenge to further increase the positive student experience across all campuses.

What I intend to do

- Extend student activity offers
- Promote Healthy Body and Healthy Mind
- Make offers more visible and accessible
