

Vote Hayley to be your Student Disabilities Officer!

Hi everyone, my name is Hayley Colbert and I am the current President of the Students Association at SRUC. I have decided to go back to studying this year meaning I cannot apply for the full-time Presidents' role but I'd still like to continue working with SRUCSA as the Disabilities Officer.

Winning this role will allow me to continue my manifesto from my year as President by continuing to help students with mental health. I have completed the Scotland's Mental Health First Aid Training to give me extra knowledge on areas that haven't affected me. I'd like to be able to continue being part of the Student Mental Health Agreement to ensure SRUC is doing the best they can for students who need support. Being a person who has previously struggled with mental and physical health puts me in a position where I can help others who may still be and I'd like the opportunity to do so.

I would also like to encourage SRUC to make better support for people with a physical disability. I have a temporary issue with my nerve endings in my lower limbs which restricts their use and has made me realise that our campuses are not accessible. I'd like to encourage one of the full-time officers to take this on board and try to make the campuses more accessible or at least have plans in place for the future.

**Voting is from the 16th
March to the 20th March**
